

Medical Marijuana Law

1/31/17

See attached web site for information regarding the start date etc.

Currently Medical Marijuana is not legal in the State of Maryland. Per the web site they anticipate starting sometime at the end of the 1st quarter 2017 (March)

Maryland Medical Cannabis Law is available online Title 13. Miscellaneous Health Care Programs 13-3301.

Some general information:

1. Certifying Physician requirements:
 - Good standing with the Maryland Medical Board of Physicians
 - Registered and able to dispense State controlled substance/dangerous substances.
 - Registered with the Medical Cannabis Commission to order Cannabis available to patients
 - Written Certification- means
Ordering Physician has a bona fide relationship with the patient
The Physician includes a written statement indicating in their professional opinion after completing a complete assessment of the patients medical history and current medical condition that the patient has a condition that meets the inclusion criteria.
2. Dispensary Agent- person whom administers the Cannabis.
 - 21 y/o
 - Registered with the commission
 - Obtain a state and national Criminal History Check
 - Obtains a registration card from the commission
 - Only 2 caregivers can be registered, when a caregiver ceases administration for any reason the Commission must be notified and the card will be invalid.
