

DAYLIGHT SAVINGS REMINDER

Please remember: During the night of Saturday November 3rd, and at 2:00 AM on Sunday, November 4th, clocks will be falling back one hour.

- In order to ensure that nothing gets mixed up, we ask our nurses who work night shifts on Saturday, November 4^h to refrain from switching their clocks until after their shift.
- The state will not allow us to reimburse nurses for the extra hour in the event they stay longer as a result of not remembering the change.
